About Arthritis Society Canada

Arthritis Society Canada is dedicated to extinguishing arthritis. It represents the six million Canadians living with arthritis today, and the millions more who are impacted or at risk. Fueled by the trust and support of donors and volunteers, Arthritis Society Canada is fighting the fire of arthritis with research, advocacy, innovation, information and support.

Why Your Support Matters

In Canada today, one in five adults live with the daily pain of arthritis. Without serious attention to this disease, there will be a 50% increase in the number of people affected by arthritis, increasing to one in four Canadians by 2040. Hosting your own fundraising event is a great way to build awareness, raise funds and transform the lives of Canadians with arthritis. It's also an engaging way to introduce your friends, family and network to a cause that is important to you.
